Page 1 of 1

Eurotron offers professional solutions with an outstanding price-performance ratio. Our worldwide exported products have satisfied our customers for many years.

A fast, effective and safe service is assured, compliance to all applicable Environmental legislation is guaranteed.

The company operates an environmental management system which is certified to international standards for Environmental Management, **ISO 14001:2015**

Core environmental principles of the company include:

- Recognising our responsibilities as a global corporate citizen to protect the environment.
- Maximising recycling opportunities
- Full compliance to all Environmental Legislation
- Application of best practice to minimize the environmental impact of the company's operation
- Prevent pollution

Environmental objectives are defined and monitored within the company and regularly reviewed to identify opportunities for continual improvement.

We will work to continually improve the company's environmental performance and associated management system to satisfy and delight our customers. The systems defined have my active full support. They are under continual review and improvement, however once defined are mandatory for all personnel.

Massimiliano Moltrasio
